EDUCATION

Vishwakarma Institute of Technology (VIT)
B.Tech in Computer Engineering | **CGPA: 9.27 / 10**

Pune, India
Sept 2024 – June 2028

TECHNICAL SKILLS

Languages: C++, Python, C, JavaScript, SQL, HTML/CSS
Frameworks & Libraries: Next.js, Flask, Streamlit, Tailwind CSS, Bootstrap, FAISS, Ethers.js, MoviePy, MySQL
Developer Tools: Git/GitHub, VS Code, Postman, Neo4j, MetaMask, Ganache, Power BI

EXPERIENCE

AI Intern — AI-Powered Research Paper Summarizer & Insight Extractor Feb 2026 – Apr 2026
Infosys Springboard Virtual Internship Program 6.0 (Batch 13) Remote

- Built a multi-source research intelligence platform ingesting papers from **arXiv, PubMed, and local PDFs**; automated structured insight extraction (domain, methods, findings, limitations) using **Groq LLaMA 3.1** and **Facebook BART-Large-CNN** summarization.
- Engineered a **RAG pipeline** with FAISS vector store (**all-MiniLM-L6-v2** embeddings) and **Gemini 2.5 Flash** for semantic Q&A; constructed a **Neo4j** knowledge graph (5 node types: Paper, Author, Domain, Method, Metric; 4 relationships) with interactive PyVis visualization and Excel export via Streamlit dashboard.

AI/ML Intern — Green Skills using AI Oct 2025 – Nov 2025
Shell-Edunet Foundation (AICTE Skills4Future) Remote

- Developed an end-to-end **ML** pipeline covering data preprocessing, model selection, training, and evaluation under industry mentorship.
- Presented final AI prototype addressing sustainability challenges to a panel of industry experts at a regional showcase event.

Front-End Web Development Intern Aug 2025 – Oct 2025
Edunet Foundation (IBM SkillsBuild, AICTE) Remote

- Earned top feedback across all 6 weekly milestones by building a fully functional project applying responsive design and component-based architecture, reviewed and approved by **IBM** subject matter experts.

Web Developer Intern Aug 2025 – Sep 2025
ApexPlanet Software Pvt. Ltd. Pune, India

- Eliminated visual inconsistencies and ensured cross-browser compatibility across Chrome, Firefox, and Edge by building and refactoring responsive full-stack web modules using **HTML, CSS, and JavaScript**, delivering production-ready client output.

PROJECTS

GPS Navigation System | *C++, Dijkstra, Yen's Algorithm* | [GitHub](#) Jan 2026
– Engineered a dual-algorithm navigation engine in **C++**: Dijkstra's for optimal shortest-path finding and Yen's K-shortest paths for dynamic alternate route generation.
– Implemented priority-queue optimization reducing traversal time complexity to $O((V + E) \log V)$; validated correctness across multiple simulated routing scenarios.

Campus BookSwap | *Next.js, Google OAuth 2.0, Tailwind CSS, MySQL* | [GitHub](#) Oct 2025
– Built a full-stack peer-to-peer book trading platform for college students with real-time listing dashboard and secure Google OAuth 2.0 authentication.
– Designed a scalable **MySQL** schema for user and listing management; implemented real-time state synchronization for seamless buy/sell workflows.

RESEARCH PUBLICATIONS & PATENTS

Voice Controlled Obstacle Avoidance Wheelchair System | *Patent Filing — CIPC, South Africa* April 2026
– Co-invented a hands-free wheelchair mobility system using **Arduino Uno**, HC-05 Bluetooth, and HC-SR04 ultrasonic sensors; implemented real-time obstacle detection with a 20 cm safety threshold overriding voice commands.
– Filed under **VIT Pune** (Application No. 2026/04050, Int. Classification A61G); validated at 0.2–0.3 m/s with 100–200 ms latency in a low-cost open-source setup.

Decentralized Voting System Using Blockchain | *SciTePress (IMACSI '25)* June 2025
– Eliminated centralized voting failures by designing a tamper-proof **Ethereum Smart Contract** architecture with **Next.js** frontend and MetaMask-based cryptographic voter verification.

English Text to Indian Sign Language Translation | *SciTePress (ICRDICCT '25)* April 2025
– Achieved reliable gesture recognition across **80+ ISL words** by training a **CNN** model in Python and engineering an automated pipeline using **100+ sign video clips** for real-time hearing-impaired user animations.

CLUBS & LEADERSHIP

Sponsorship Coordinator, Computer Society of India (CSI), VIT Pune — managed sponsor outreach and deal negotiations for technical fests.

Computer Department Head, ABVP, VIT Pune — coordinated student initiatives, workshops, and inter-college activities.

PR Member, Entrepreneurship Development Cell (V-EDC), VIT Pune — handled external communications, social media outreach, and event promotions.
